# MOBILE DVD REWRITER

DOUBLE LAYER DVD+/-RW DRIVE / USB 3.0

### THE PERFECT OPTICAL STORAGE UPGRADE

More and more notebook vendors chose to leave the optical drive out of their notebooks. CD's and DVD's are however one of the most commonly used media types. Freecom has the solution. The Mobile DVD ReWriter is a super small external CD/DVD drive, barely larger than a CD and fits easily in your pocket. Work on any notebook or PC while on the move, burn CDs or DVDs and store up to 8.5GB of important data.

### FRECOM MOBILE DVD REWRITER

- Super small external DVD+/-RW drive, barely larger than a DVD and it fits easily in your pocket!
- High quality design
- USB 3.0 - the latest standard, providing ultra fast data transfer speed
- Power provided by the USB port
- Super multi drive, supports all common CD and DVD formats including DVD-RAM
- Upgrade your notebook or desktop PC with this small designed and silent slimline drive
- Whether it is for professional use or home use you can always save, share and exchange your data on CDs and DVDs, no matter where you are!
- Including CD and DVD data burning software (PC and MAC)
- Installs in seconds
- Unlimited free helpdesk support
- Two years manufacturers warranty

### IDEAL FOR HOME AND OFFICE USE

Home use:

- Compile and create your own Music-CD's for use in the car or portable CD player
- Make a backup of all your important documents and files

Office use:

- Make an extra backup of your valuable work files
- Create CD's or DVD's with your company information to send out to your clients
- Use the Freecom Mobile DVD ReWriter for software installations on multiple PC's

### THE PERFECT COMPANION

This little device is what you need if you own a notebook, ultrabook or netbook. Use it to install your software or to create a back-up. You never have to go anywhere without it, as it is one of the smallest and most convenient devices out there! Because it is USB powered, no adapter is needed, so this mobile burner will easily find a place in your bag or backpack.

### SMALL AND FAST

Small does not often go together with speed, but in this case it's a different story. The Freecom Mobile DVD ReWriter will help you to burn DVDs quickly and easily, yet it is still not much bigger than the DVD itself. Complete with free software, this burner will help you to turn any project into a success.

### LATEST TECHNOLOGY

Freecom is known for innovative optical storage products. The Mobile DVD ReWriter is our latest addition in a long line of high quality DVD burners. We would not offer you anything different than innovative German quality.

## FREECOM QUALITY

Since 1989 Freecom stands for creating innovative and professional digital (storage) solutions. All Freecom products are designed, engineered and certified in Germany according to the highest quality standards to guarantee customer satisfaction. Our in-house technical development process, the use of the highest quality components and German product inspection standards ensure superior quality and reliability. To meet the high expectations of professional users Freecom products are delivered with extensive warranty and unlimited free helpdesk support.
